**Subject:** RE: PG&E -- Proposed Order with Objectors' comments

Below are proposed procedures relating to the amendment and objection process. After you have had a chance to review, we suggest setting up a meet and confer later this week to discuss. Let us know some times that work.

**Proposed Procedures:**

1. The claimants who objected to the extension of the securities objection deadline (the "Objectors") will agree upon a single, coordinated date upon which they each will file, or notify the Reorganized Debtors that they do not intend to file, a supplement to or amendment of their proof of claim. The Reorganized Debtors reserve all their rights with respect to any amendments, including preserving any objection to the addition of new, untimely claims.
2. The date for the Reorganized Debtors to object to securities claims (subject to extension under Section F of the Offer Procedures and Section C of the Securities Mediation Procedures under the Securities Procedures, as applicable) shall be 75 days from the date selected by the Objectors in item 1. This will be the Securities Objection Deadline.
3. The date for the Reorganized Debtors to object to the proofs of claim of the Objectors will be the Securities Objection Deadline, unless otherwise agreed to by an Objector pursuant to item 5 below or ordered by the Court, and will not be extended by the provisions under Section F of the Offer Procedures and Section C of the Securities Mediation Procedures under the Securities Procedures.
4. Two weeks after the Securities Objection Deadline, or on the date next convenient to the Court, the Court will hold a conference on procedures and schedules with respect to the Reorganized Debtors' objections to the claims of the Objectors, including providing a schedule for the filing and adjudication of any motions to intervene. The Reorganized Debtors will draft, in consultation with the Objectors, typical procedures for the Court to approve, which procedures shall establish a "sufficiency hearing" process to test whether a Claim has failed to state a claim against the Debtors which can be allowed and should be dismissed pursuant to Bankruptcy Rule 7012(b). The legal standard of review that will be applied by the Court at a Sufficiency Hearing will be equivalent to the standard applied by the Court upon a motion to dismiss for failure to state a claim upon which relief can be granted, in accordance with Bankruptcy Rule 7012(b). Discovery with respect to a Claim will not be permitted until after a sufficiency hearing has been conducted and the Court has found the claim to be sufficient to proceed and thereafter the parties would seek a conference with the Court to set a schedule with respect to that Claim.

5. Any Objector may stipulate with the Reorganized Debtors to a different schedule, including a later objection deadline than set forth in item 3 with respect to its proofs of claim (whether for purposes of allowing for negotiations and mediation on settlement or otherwise) without having to file an amended proof of claim pursuant to the above schedule.

I expect we will be sending out a proposed protocol later today and we should set then set up a time to talk over the next couple of days.

Given that the Court's order pushed the conference, it makes more sense to talk after you have had a chance to review it.

[EXTERNAL EMAIL]

We are prepared to meet and confer on a procedure for amendments, including discussing the issue of the timing of amendments by all claimants. Our language allows for that discussion without pre-determining the outcome of those discussions. Our language is not intended to suggest that claimants other than the objectors cannot amend (subject to preservation of all objections to any amendment). We are not willing to add language that can be read to pre-determine an issue (i.e., whether there will be one deadline for all claimants to amend and one deadline for the Reorganized Debtors to respond to those amendments and/or object to those claims) on which we are supposed to meet and confer so we are not willing to change the language in that paragraph back to your proposed language.

The Reorganized Debtors have been prepared to meet and confer on the issues for the conference promptly upon the order being issued, and we note that it is the you and the other objectors who have delayed the process by taking a week to provide comments on the proposed order. We, in contrast, responded to your comments in less than two days.

We are prepared to meet and confer on either Sunday or Monday if necessary and will promptly issue a proposal to facilitate those discussions once the order is finalized.

I have no objection to the inclusion of Baupost, but I don't see the value in limiting the language in para 7 to "at least the Objectors" who might amend their proofs of claim. Any securities claimant could, if it wanted to, amend their claim at any time and if Debtors are going to object to claims based on the amendment (or non-amendment) then it is more efficient for that process to apply to any securities claimant who decides to amend.

We will have some other comments on Weil's revised draft, but I'd like Debtors to offer times for when between today and Monday COB they are available to meet and confer in advance of the proposed 6/27 conference. Otherwise, I'm not sure how we can propose in the order that we'll appear at a status conference on Tuesday morning to discuss the types of procedures we are contemplating.

Anna – we preferred 7(a) as initially drafted, but if you are going to use the “at least the Objectors” language, we would request that you include Baupost b/c they are not part of the defined term “Objectors”.

Please let me know if this is acceptable.
